

Christmas Blessings!

The fields . . . are white already to harvest.

John 4:35

December 2022

A By-Faith Front Line Ministry

Thank you all for praying for Sue and me this year and especially these past few months. Thank you for being so generous at a time when the need has been there. We try not to harbor on our needs because we try to live by the Scripture passage, Matthew 6:33, which admonishes us *"But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you."* For over thirty years God and you have taken care of us as we have endeavored to worship and serve only Him. (And we really know that He has been taking care of all of us all the way). Thank you again for all you do for us and DCEA.

This is the Season to say "Merry Christmas" to everyone you meet! You expect to hear the same reply as you pass someone by. However, we are now living in strange but exciting times. You really don't know what someone will say to you today. But don't hold back; say "MERRY CHRISTMAS" loud and clear! **JESUS IS THE ONLY REASON FOR THE SEASON!**

We have seen several folks saved the last month or so. As I was driving to town one day a truck stopped in front of me and gave a ride to a man and woman and a little girl that were walking. As I was coming back to where we were staying, I recognized this same group walking carrying some groceries. I offered to take them to their home. In talking to the couple, I realized that these folks have been having some tough struggles. Their auto was in the shop, and they had little money to get it out. Praying as I drove, I was asking God what should I do. When we arrived at their trailer, I asked them if they died that moment, where did they think they would be? Neither knew the correct answer. I explained the Gospel to them and then asked if they were at the point in their lives where they would be willing to turn from their sins and trust Jesus with their lives. They were and prayed with me asking Jesus into their hearts. I gave them a short testimony how God has helped me in financial problems and blessed me. I then felt led to give them some money as Thanksgiving was the next week. I followed up with them several times the next couple of weeks, giving them Bibles, devotional books and Bible studies and food. Please pray for D. and A. and L. to grow in Christ. I am trying to get them connected to a church close by them.

This is the time each year when I pray and ask the Lord what travels and outreaches the Lord wants me to do in the coming year. I also have a lot of record keeping for our organization that must be done. Sue and I use this time each year to get many of our doctor visits behind us also. Thank you so very much for praying for Sue's eye injections that she has been having for the past sixteen months. We are praying these will end soon.

Each week we are on the streets here handing Gospel tracts to any that will receive them. Pray we have continued success in this as society changes for the worse. Instead of maybe one Brewery per block, we now have two or three or more. Good morals seem to be in short supply. But the word of God is being preached on the street and it has a good effect! Mark Martin and I receive a great deal of encouragement from Christian people. Evangelist Ken Fischer came down from New Jersey and worked the Gatlinburg Christmas Parade with us and stayed a few days passing out several thousand CHICK

tracts. It is always great to have others come and help us. The fields are white unto harvest (John 4:35), but the laborers are few (Matthew 9:37).

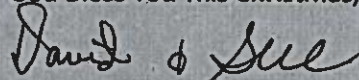

Twenty years ago, in 2003-04, Sue and I went to all 50 state capitols praying for the Revival of this nation. We did this out of obedience to God. We had an all-night prayer meeting in each city. We have not seen Revival yet. This next year instead of going back to each state, we will have an All-Night Prayer for Spiritual Awakening meeting the first Friday of each month. The first prayer night will be held at First Baptist Church Intercessory Prayer Room in Sevierville, Tennessee at 8pm January 6, 2023. Sue and I will be there all night. Anyone that cares to come may pray as long or as little as you want. We don't expect you to stay all night, but you may.

Our world desperately needs Jesus! Our nation and most churches are extremely sinful and are walking away from God. Our children are being confused by false doctrine in many churches and false teaching from schools following government dictates. God would that WE repent. Pride, Greed, Power, and Riches have gripped us. We stand in great need of God to come in His Power and His Glory. Politicians cannot heal our Land. Only God can! And I believe He wants to. He says, "IF MY PEOPLE, WHO ARE CALLED BY MY NAME, WILL HUMBLE THEMSELVES AND PRAY AND SEEK MY FACE AND TURN FROM THEIR WICKED WAYS, THEN WILL I HEAR FROM HEAVEN AND WILL FORGIVE THEIR SIN AND WILL HEAL THEIR LAND." (2 Chronicles 7:14)

Maybe God would place this burden upon you also and you start having all-night prayer meetings for Revival and Spiritual Awakening in your city. I still believe God hears and answers prayer. I have much confidence from past experience. Our God is able!

Pray this next year will be our greatest yet for souls being saved and discipled. As the world gets darker, the Lord's Light shines brighter. Hasten the Day of His Appearing, witness unceasingly! Love one another!

God Bless You This Christmas,

David and Sue Cobb

P. S. Our Address is now P. O. Box 74, Gatlinburg, TN 37738-0074

I have confused some folks by getting rid of older envelopes. This is the last month for that. In 2023 only new envelopes will be utilized. Sorry for the confusion. My Bad.
